Metadata

Team / App Name: Brackit

Team member names

Name	Student ID
Jaime Herzog	101009321
Suohong Liu	101002340
Xiyi Liu	101004577
Alex Trostanovsky	100984702

What is our project?

Why is it interesting? (Describe and justify project selection)

Why does this project make sense in a mobile form factor?

Types of Users

1. Tournament organizers (TOs)
2. Tournament entrants/ competitors
3. Spectators
4. Guest Users (?)

Functional Properties

Non-Functional Properties

Integrated Development Environments (IDE)

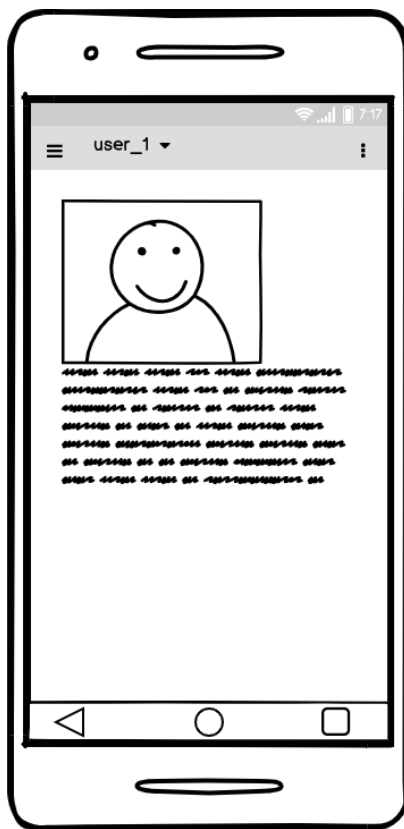

Languages/Frameworks

Development Method

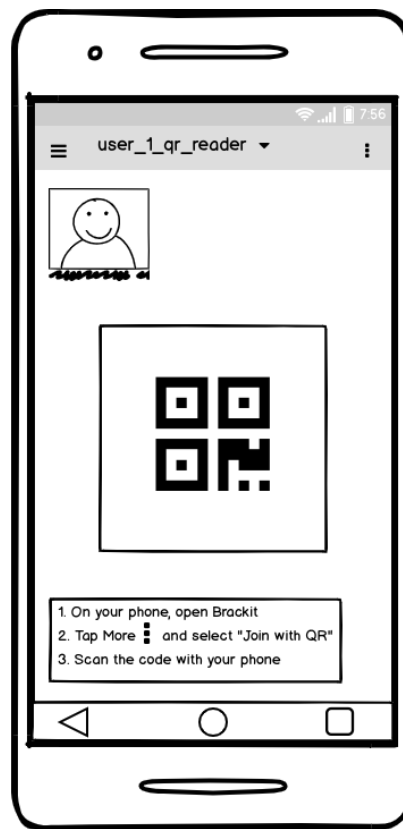

Storage, Response Time, Reliability, Usability, Performance, Space

User Scenarios

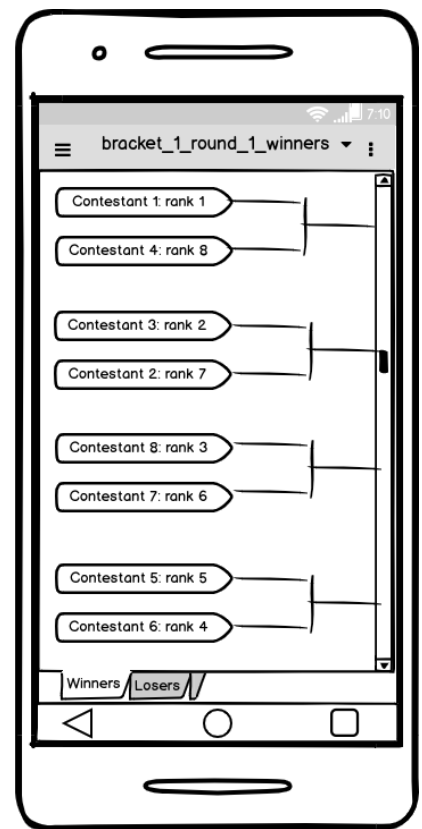

Mockups

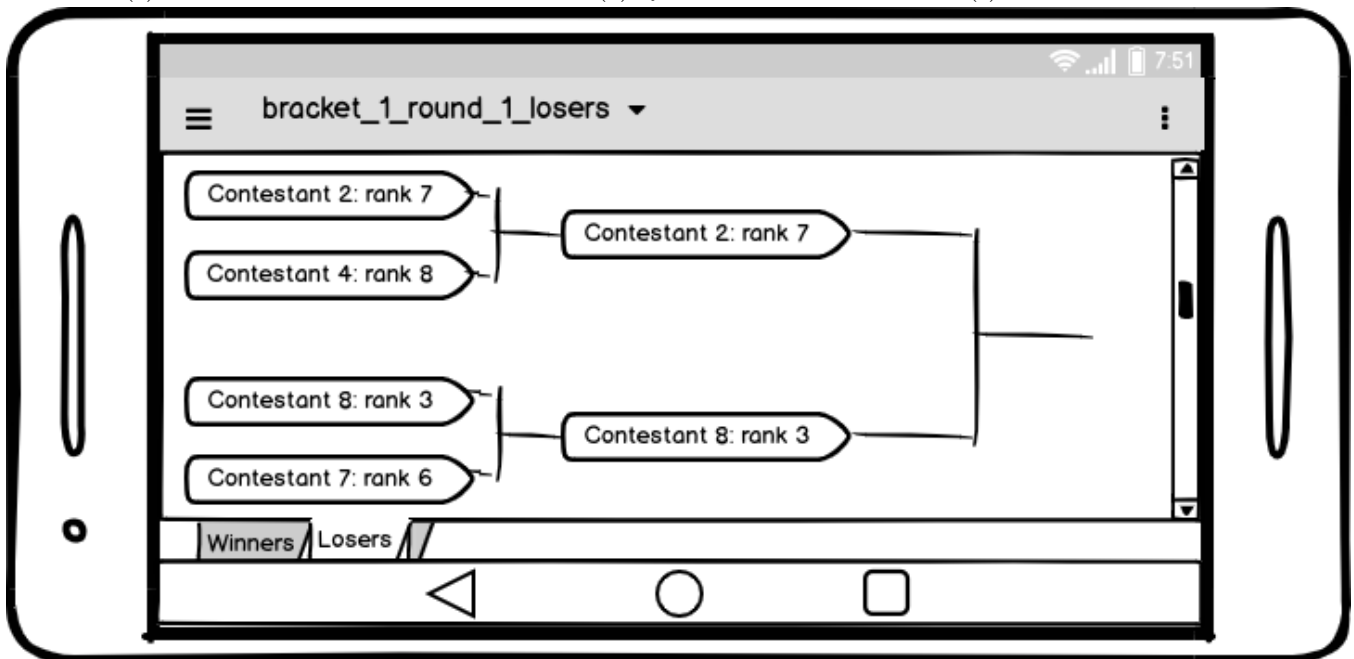

(a) User Profile

(b) QR Reader

(c) Vertical Bracket Visualization

(d) Horizontal Bracket Visualization
